

Pat Davino

Greetings Members,

Being active in the Union has had many rewards over the years; from helping a fellow member with a work or personal problem, to having barbecues and info days, to getting out and meeting all of the members. After 25 years being employed at the Town of Oyster Bay, we are in the most challenging times I have ever seen. The new Union board has made a commitment to face these challenges, and to make the sometimes difficult decisions together as one. Hopefully, the membership will give us a chance to earn their trust.

Thank you
