<p>1. MISSION STATEMENT – The mission of the Department of Planning and Development is to provide courteous, efficient and expedient service to residents. It is essential that all employees be mindful of this mission whenever dealing with a resident. The Department’s business counters and phones are usually the first point of contact with residents. Therefore, it is essential that in each such point of contact at all times there are enough employees to properly attend to resident service.</p>	<p>W</p>	<p>W</p>	<p>D</p>	
<p>2. CONDUCT – Employees are to conduct themselves, at all times, in a professional and respectful manner. Assisting people at the business counters and promptly answering phone calls is an employee’s first priority. Under no circumstance should an employee stop working or speaking with a resident because that employee is due for lunch or break. Employees who are assigned duties outside of the office (i.e., building inspectors, code enforcement officers, etc.) are to perform their duties respectfully and with the utmost courtesy and professionalism as representatives of the Department of Planning and Development, particularly since those duties are typically performed inside an individual’s home or place of business. All employees shall identify themselves whenever communicating with members of the public. Employees are expected to dress in business attire appropriate to his or her work function. Any questions as to whether specific articles of clothing are appropriate business attire should be directed to an employee’s immediate supervisor.</p>	<p>W</p>	<p>D</p>		

<p>3. BREAK PERIODS - Break periods shall be fifteen (15) minutes in duration, as scheduled by the employee's immediate supervisor. The breaks shall usually be scheduled between 10:00 am and 10:45 am and again between 2:45 pm and 3:30 pm. Any lateness in returning from a designated break period may be considered an unauthorized absence, with the employee's attendance record marked accordingly.</p>	W	W	W	D
<p>4. LUNCH PERIOD - Lunch period shall be one (1) hour in duration, as scheduled by the employee's immediate supervisor. The immediate supervisor shall schedule the breaks and lunch period in a manner that will assure that the office is adequately staffed at all times during the day. Employees may not "work through" their breaks or lunch period in order to leave work before 4:45 pm.</p>	W	W	D	
<p>5. VACATIONS - At least two weeks prior to scheduling a vacation or requesting other leave, an employee must submit a written request to schedule that vacation. The request shall be made to the Commissioner, upon recommendation of employee's immediate supervisor. Vacations will be scheduled so that each division always maintains an adequate level of staffing.</p>	W	D		
<p>The Commissioner will not approve a request for leave, vacation or using compensatory time unless the request has the approval of the employee's immediate supervisor.</p>				
<p>6. EMERGENCY ABSENCE - In the event an employee needs to leave due to illness or other emergency, that employee shall notify the Commissioner as soon as possible. Failure to advise of an emergency absence will be considered absence without leave.</p>	W	W	D	
<p>In the event an employee is unable to come to work on a scheduled day, a sick call to 624-6239 must be made before the start of his/her work day. Failure to call will cause the absence to be considered unauthorized and will be charged an absent without pay.</p>				

<p>7. SICK LEAVE AND VACATION TIME/HOLIDAYS – Any employee who calls in “sick” on the day before or after a holiday or vacation must submit a doctor’s note upon return to work. Failure to do so will result in the employee being marked “absent” for that day, thereby losing the “holiday pay”. In the event an employee that does not have any accrued sick time calls in sick, that employee will be marked “absent without pay.”</p>	W	D		
<p>8. LATENESS – Employees must call 624-6239 prior to his/her work day if he/she will be late. Three late calls will be permitted in a 12 month period. Employee’s with no sick or personal time will have the accumulated late time deducted from their paychecks. On the fourth late call in a 12 month period immediate disciplinary action will be taken. Each incident of lateness, whether or not a deduction is made, is a violation of these works rules. Late time shall be based upon the time on the clock in the Administrative offices opposite the sign in/out sheets. The time on the sign in/out sheet should reflect the actual time the employee is signing the sheet. Employees may not sign a work sheet on behalf of any other employee. Such conduct will result in an immediate disciplinary hearing under Article 75 of the Civil Service Law and may be cause for criminal prosecution. Employees who know in advance that they will be late on an upcoming day (e.g. doctor’s appointment) should fill out an Employee Request for Leave form and mark “other” to use sick time and have the department head authorize the leave. Lateness for which a Request for Leave form has been filed will not count towards the four lateness charges in a 12 month period. Excessive use of this form will result in a request to submit documentation for the requested time.</p>	W	D		
<p>9. LEAVING WORK EARLY - An employee is not permitted to sign out for the day until 5 minutes before the end of his/her shift. Any employee who needs to leave before the end of their shift must fill out a Request for Leave form and submit it to their division head for approval.</p>	W	D
